ACADEMIC CALENDAR 22

Reichman University was founded with the aim of nurturing future leaders. In just twenty-seven years, we have created a pioneering and innovative academic center. Our students are imbued with a commitment to excellence and original thinking. 'The university of the future,' as we see it, has to prepare its students for a constantly changing world by being able to innovate skillfully, to dare, and to initiate. We believe that the knowledge and tools acquired at Reichman University support personal and professional goal fulfillment and enable our graduates to tackle the challenges of our global reality."

A handwritten signature in black ink, reading "Uriel Reichman".

Prof. Uriel Reichman

Founding President and Chairperson of the Board of Directors, Reichman University

GLOBAL MBA PROGRAM

The rules of the game in the business world have changed. Today we are looking for managers of a new breed: those who can make a difference, creative leaders who are willing to break conventions, entrepreneurs with the ability to think differently and who are capable of bringing about a real change. Only these types of managers will be able to thrive in a dynamic and changing world, and know how to face any challenge that may stand in their way.

The Global MBA program equips you with capabilities that will fundamentally change you, and give you the skills to face and manage 21st century challenges. It is this task to which all our faculty members are devoted, and which is reflected by our up-to-date courses, the large variety of real-life projects, and the careful selection of the highest quality academic faculty. The two tracks in the GMBA program - Big Data and Innovation & Entrepreneurship - leverage Israel's status as a center of progress in high-tech, innovation, and entrepreneurship, and benefit from Reichman University's resources and reputation as a leader in interdisciplinary education with strong ties to industry.

Courses are taught twice a week.

PART-TIME

Sunday: 16:00 - 22:00 | Friday: 8:00 - 14:00

The rules of the game in the business world have changed. Today we are looking for managers of a new breed: those who can make a difference, creative leaders who are willing to break conventions, entrepreneurs with the ability to think differently and who are capable of bringing about a real change. Only these types of managers will be able to thrive in a dynamic and changing world, and know how to face any challenge that may stand in their way."

Prof. Niron Hashai

Dean and Head of the MBA Programs

The Global MBA program helped me gain insight into my career goals. I was very lucky to be part of an inspiring practicum at Microsoft Ventures."

Salomé Hemmo, France
Senior Data Scientist, Atlassian

My Global MBA from Reichman University gave me the push and the confidence to reach the next level in my career."

Eyal Pincu, Israel
VP Product, Advertiser Solutions, Taboola

Ranked **no. 1** in Israel for our treatment of **IDF reservists**

INNOVATION & ENTREPRENEURSHIP TRACK

The Innovation & Entrepreneurship track is a partnership between Reichman University's Media Innovation Lab (milab) and the Arison School of Business. This unique track is designed for exceptional students with professional experience, who wish to join the Israeli startup ecosystem or improve their career choices within this vibrant community. Students will learn innovation, as well as product and business methodologies, and will have the opportunity to promote new ideas, as either entrepreneurship projects (startup or venture ideas) or intrapreneurships (new products or businesses within an existing company). The track focuses on experiential learning, including guest lectures, informal mentorships, and visits to leading companies (led by entrepreneurs, VCs, angel investors, product managers, inventors, and more). Students come from diverse fields, including computer science, engineering, business, law, economics, design, and social sciences, as well as biology, art, and medicine.

Prof. Oren Zuckerman
Academic Director, Innovation & Entrepreneurship Track
Founder and Co-Director,
Media Innovation Lab,
Reichman University

Michal Olmert Naishtein
Executive Director, Innovation & Entrepreneurship Track

LAB: PRODUCT INNOVATION & VENTURE CREATION

In the Lab courses (3 consecutive courses) students work in teams to develop a new product and venture from the concept stage.

The Lab experience is based on leading entrepreneurial methodologies, combined with UX and product techniques. Students work closely with leading mentors from the Israeli startup community, including entrepreneurs, investors, and experts in various domains: online marketing, user experience, product management, product validation strategies, and more. Students who choose to develop hardware products, such as IoT and robots, can learn how to use milab's advanced rapid-prototyping tools, including 3D printing, electronics prototyping and sensors, woodshop, metal shop, and biofabrication.

PRACTICUM EXPERIENCE

Students are offered a unique opportunity to experience the startup world from within, by joining early stage startups, accelerators, VCs, or incubators. Students who participate in the practicum program devote 6-8 weekly hours during a 4-month period to carrying out professional projects. Former students worked at Microsoft Ventures, Sigma Labs, 8200 EISP, Glilot Capital, OurCrowd, and many startups. Our network of collaborators is constantly growing and we tailor opportunities for our students.

Admission to the experiential courses is subject to a screening process that takes place during the course of studies. Participation in these courses is not a requirement for completing studies in the Innovation & Entrepreneurship track.

PARTIAL LIST OF COURSES

Israeli Entrepreneurship Ecosystem

You will be taught how investors evaluate startups: What is more important, the team or the technology? What startup roles are relevant for MBA students? The course includes lectures with guest VCs and angel investors, as well as company visits led by entrepreneurs and heads of accelerators.

Data-Driven Product Management

What is the product manager role in a data-driven startup? What is the product life cycle? You will be taught how PMs validate new product directions. The course includes guest lectures and company visits with PMs from Google, Facebook, Taboola, and a variety of startups, as well as with academic data science experts.

Business Communications

You will be taught how to pitch to a management team or to a large audience and how to merge the art and science of interpersonal communication.
Led by TED talk coaches Michael Weitz and Abigail Tenenbaum.

UX Research for Product Innovation

What is User Experience (UX)? You will learn how to leverage UX research methods to better understand users, and how to invent new products that provide value. You will also learn how to validate product ideas before the MVP stage.
Led by Prof. Oren Zuckerman - the track's academic director, founder of Reichman University's Media Innovation Lab, and an HCI (Human-Computer Interface) lecturer and researcher.

Design Thinking

What are the methods designers use to solve problems in a creative way? Can design methodologies help a team work more creatively? You will be taught how design approaches can improve a business's strategy.
Led by Prof. Alex Padwa - an industrial designer who is the former head of the Industrial Design Department at Shenkar College of Engineering and Design.

Systematic Creativity

Are creative thinkers born or made? This course shows how creativity is a skill that can be taught and practiced.
Led by Prof. Jacob Goldenberg - marketing professor at Reichman University and Columbia University and developer of the SIT (Systematic Inventive Thinking) methodology.

Organizational Innovation

What are the best (and worst) practices in innovation and how should one deal with the complex challenge of navigating organizational innovation culture?
Led by Idit Biton - Innovation and Future of Work Specialist; Senior partner at SIT - Systematic Inventive Thinking.

A full list of all courses will be available to students on the Reichman University website: <https://www.runi.ac.il/gmba/courses>

Reichman University reserves the right to cancel, alter, or expand the academic programs offered.

The Innovation & Entrepreneurship track is designed for exceptional candidates from diverse backgrounds who are creative, adventurous, and interested in creating new products and services for the business market."

BIG DATA TRACK

The Big Data track establishes exceptional managers for leading in the era of the data revolution. To reach the top levels of any organization, and to compete effectively in any industry, managers must embrace a data-driven mindset.

In this program, you will acquire knowledge and skills in data analytics and management through courses, workshops, and company projects, while also being exposed to companies and organizations and gaining hands-on experience.

As a graduate, you will apply your leadership potential in creating a startup, running a business, or managing a team. In any of these roles, you will be able to think and speak data to complement the intuitions that would normally guide your managerial actions.

Successful candidates for our exclusive track should be comfortable taking a technological approach to problem solving. They do not, however, have to have a scientific degree or have prior knowledge of programming.

We are looking for overachievers with great interpersonal skills and professional attitudes.

PRACTICAL PROJECTS

Students in the Big Data track will have the unique opportunity to work on 6-month practical projects - establishing a venture or solving a real-world problem - accompanied by mentors from the industry.

Gail Gilboa
Head, Big Data Track

PARTIAL LIST OF COURSES

First-Hand Entrepreneurship

This course provides a starting point at the entrance to the world of entrepreneurship. Course topics include team building, innovation, technological trends, creativity, business models, and business plan formulation.

UX Design for Entrepreneurs

This course equips students with theoretical and practical tools for user experience design.

Health-Tech

The course teaches about behavioral economics and the Big Data revolution in healthcare.

Business Intelligence

This course gives an overview of how to encompass intelligence technologies and visual analytics to support decision-making and impact corporate strategy, performance, and competitiveness.

Introduction to Programming with Python

This course provides basic principles of programming in Python, which is the most popular and intuitive programming language that allows programmers to develop meaningful programs quickly.

No previous background is required.

A full list of all courses will be available to students on the Reichman University website:

<https://www.runi.ac.il/gmba/courses>

Reichman University reserves the right to cancel, alter, or expand the academic programs offered.

STUDY TOUR TO NY*

In recent years, New York City has developed into what is now called “Silicon Alley,” with thousands of technology startups based there. The city is also one of the world’s most important business centers, and home to some of the most prominent companies in all sectors. The Study Tour includes visits to startup companies and meetings with entrepreneurs with an “Israeli connection,” as well as with inspiring leaders from other sectors. The tour offers students a unique opportunity to get a firsthand impression of current trends, new technologies, and innovative business models. We will focus on academic workshops, site visits, discussions, and networking to help students gain an up-to-date and holistic perspective of the inner workings of the NYC tech scene.

The cost of the trip is not included in the tuition.

I came back from New York full of inspiration and motivation. Hearing the different startup stories showed me how fortunate I am to be in a situation where so many different opportunities are available to me. Founders with all different backgrounds and motivations proved to us that it is possible to build your own successful business or take your career on a new path. This trip has once again opened my eyes to the fact that we can do so much with our lives, that we should be brave and go off in new ways that challenge us, and make us stronger and more experienced. And if we don’t do it all now, when will we do it?”

Charlotte Hetzler,
MBA Graduate

Dr. Sivanie Shiran

PhD, University of Haifa

Head, Leadership Area

Dr. Shiran joined Reichman University after working at the Harvard Business School and at the Institute for Management Development (IMD) in Switzerland, where she facilitated leadership development programs for over 15 years.

Our unique MBA programs emphasize the combination of theory and practice and focus on the personal development of each student. They do this through a variety of unique extracurricular activities that result in both personal and professional development.

THE MENTORS PROGRAM

The Mentors Program gives outstanding students an unusual opportunity to receive personal guidance from experienced senior executives with proven professional and managerial achievements in both the Israeli economy and international markets.

Each mentor will guide a group of 6-8 students during the course of the school year.

ARISON LEADERSHIP DEVELOPMENT PROGRAM

Successful managers must be aware of their own strengths and weaknesses, and have the ability to work in a team and to motivate others. The Arison School Leadership Development Program gives you a significant leg up for your next career breakthrough, by helping you attain these skills, and thus develop as both a manager and a human being.

The program is unique to the MBA programs at Reichman University, and is based on similar programs at Harvard Business School, IMD, and INSEAD. It has a year-round modular structure that allows students to adapt their learning experiences to their individual needs and interests. Students are invited to attend lectures and join small group workshops, which gives them the opportunity to consult with both experts and their own peers about professional dilemmas they face. In addition, the program's "Leadership Behind the Scenes" sessions allow students to meet with global business leaders for in-depth interviews that can shed light on their personal and professional journey.

SELECTED FACULTY OF THE GLOBAL MBA PROGRAM

Dr. Nadine Baudot-Trajtenberg, PhD, Harvard University
Deputy Governor, Bank of Israel

Dr. Baudot-Trajtenberg has spent twenty years in the banking industry in Israel and is a leading spokesperson to the investor community on matters of finance, banking, and economic developments. Her interests are: economics of globalization; corporate communication; and the political economy of Israel. Dr. Baudot-Trajtenberg serves on the board of public corporations and public organizations.

Prof. Ron Shachar, PhD, Tel Aviv University; Harvard University
Former Dean, Arison School of Business; Former Head of Marketing, Tel Aviv University; Appointment at the Yale School of Management; Visiting Professor, Duke University

Research focuses on major advertising and branding issues, as well as exploring strategic and marketing related aspects of the entertainment industries and of political campaigns.

Prof. Jacob Goldenberg, PhD, Hebrew University of Jerusalem

Prof. Goldenberg received his PhD from the Hebrew University of Jerusalem, in a joint program of the School of Business Administration and Racah Institute of Physics. He was Professor of Marketing and Head of the Marketing Department at Hebrew University's Jerusalem School of Business Administration. He is a visiting professor at the Columbia Business School and an academic trustee of the MSI. His research focuses on creativity, new product development, diffusion of innovation, complexity in market dynamics, and the effects of social networks. Prof. Goldenberg has published in leading journals and is the new Editor-in-Chief of the *International Journal of Research in Marketing*. In addition, he is an author of two books published by Cambridge University Press.

Dr. Yonat Zwebner, MBA, Reichman University; LLB, Tel Aviv University; PhD, Hebrew University of Jerusalem

Assistant Professor, Marketing, Arison School of Business, Reichman University

Prior to joining Reichman University, Dr. Zwebner was a postdoctoral research fellow at the Wharton School of the University of Pennsylvania. Her research examines social influences, such as the implications of being observed while making a consumption decision, the effects of justifying decisions, and the strong influence of a social tag. In one stream of her research, she explores how consumers are averse to being observed while making a decision, and how such an observation threatens one's sense of autonomy and free will. In addition, she examines how exposing a reason for a prosocial decision influences that decision. In a second stream of her research, she investigates how a social tag, our given name, is so influential that it actually influences the way we look. Dr. Zwebner's research has been published in the *Journal of Personality and Social Psychology* and the *Journal of Consumer Psychology*. It has won several awards, including finalist for the 2017 SESP best dissertation award.

Prof. Dan Segal, PhD, New York University

Dr. Segal has taught managerial accounting and financial accounting at top North American universities, including the University of Toronto, where he served as assistant professor. Dr. Segal has published research papers in leading accounting journals. His primary research interests include earnings management, valuation, and the effects of accounting information on economic decisions.

Prof. Yair Tauman, PhD, Hebrew University of Jerusalem

Dean, Adelson School of Entrepreneurship, Reichman University; Academic Director, Zell Entrepreneurship Program; Former Dean, Arison School of Business, Reichman University

Prof. Tauman, whose main fields are game theory and economic theory, studied for his doctorate under 2005 Nobel Laureate, Prof. Robert Aumann. He is the author of 70 articles, most of which have been published in leading professional journals in the field. Prof. Tauman is a leading professor in the Department of Economics at Stony Brook University (New York State University). Since 1996 he's been the director of the Stony Brook Game Theory Center. Under his leadership, the center has organized more than 100 workshops and conferences, including the largest international conference of game theory and its application in the world. Prof. Tauman has been on the board of several companies, including Radware (Nasdaq) and some very successful startups. He served in the board of Bank Hapoalim and Advfn (traded on AIMS London).

Prof. Niron Hashai, PhD, Tel Aviv University

Dean and Head of the MBA Programs, Reichman University; Professor, Arison School of Business, Reichman University

Prof. Hashai's research interests include: theory of the multinational corporation, technological innovation, diversification, and growth patterns of high technology firms. His research has been published in top strategy, management, international business and innovation journals, including: *Journal of International Business Studies*, *Journal of Management*, *Research Policy*, *Strategic Management Journal*, and *Strategy Science*. Professor Hashai is also a visiting Professor at New York University, and has held visiting positions at the University of Oxford and Leeds University Business School, among other institutions. Before joining Reichman University, Professor Hashai was a tenured faculty member at Hebrew University's School of Business Administration, where he served as Albertson-Waltuch Chair in Business Administration; Vice Dean; Head of the Asper Center for Entrepreneurship; and Head of the Strategy and Entrepreneurship area, among other roles.

Prof. Yaniv Grinstein, PhD, Carnegie Mellon University

Head, Master's Program in Financial Economics, Reichman University; Head, MBA Research Program, Reichman University; Head, Reichman University BA programs in Finance

Prof. Grinstein is a Professor of Finance at Reichman University and an Adjunct Professor of Finance at Cornell University in the U.S. Professor Grinstein's research interests are in corporate finance and corporate governance. His research was published in finance journals, including *The Journal of Finance*, *The Journal of Financial Economics*, *Management Science*, *Review of Finance*, and others. Prof. Grinstein serves as a research associate at the European Corporate Governance Institute and as a journal editor for *Corporate Governance: An International Review*. He is the recipient of the Research Excellence Award from Reichman University in 2016; the Best Teacher Award, Cornell Executive MBA Program, 2013, 2016, 2018; the Management Science Distinguished Service Award in 2014; the Best Paper Award from The Journal of Financial Intermediation in 2006; and the Best Paper in Corporate Finance Award from the Southwestern Finance Association in 2005. Between the years 2006-2007 he was a visiting academic scholar at the Securities and Exchange Commission.

APPLICATION, ADMISSION, TUITION

APPLICATION PERIOD

The application period for the 2023-2024 academic year is **November 15, 2022- August 31, 2023**.

The application period for students required to take MBA preparatory courses ends on **July 31, 2023**.

Due to the competitive nature of the admissions process, we recommend that applicants prepare their application well in advance of the deadlines.

ADMISSION CRITERIA

- Quantitative undergraduate degree from a recognized academic institution
- Undergraduate GPA of 80% or 3.0 and above
- Demonstrated professional experience of at least 3 years after the undergraduate degree
- Interview (online or in person)
- Prerequisite courses are required in Statistics, Mathematics, and Economics. Students missing these courses will be required to take preparatory courses over the summer.
- Candidates who do not have a quantitative background may be required to take the GMAT.

APPLY ONLINE AT

<https://forms.runi.ac.il/#/Public/Registration?lang=en&form=MA>

ONLINE APPLICATION

Complete the online application form at

<https://forms.runi.ac.il/#/Public/Registration?lang=en&form=MA>

Please note your application must include:

- Official transcripts of previous academic undergraduate and graduate studies. Transcripts must bear the official stamp of the issuing institution. If you do not send the original transcript, scanned photocopies of the original documents will be accepted if properly notarized.*
- Detailed CV in English describing professional experience
- Two letters of recommendation in English, preferably one from a source who can comment on professional experience
- Candidates who do not have a quantitative degree must submit an official quantitative GMAT score.
- Copy of passport or identity card
- A short biography ([Bio Form](#))
- Essay/Questionnaire

** An official, notarized English translation must be submitted for all transcripts not originally issued in English.*

APPLICATION PROCESS

The application process consists of two stages:

Stage 1 Your application will be evaluated by the Admissions Committee based on the submitted material (essays, official transcripts, etc.).

Stage 2 Applicants who successfully pass Stage 1 will be invited to a personal interview with the Admissions Committee. Applicants living outside of Israel may be interviewed by phone, video conference, or by a visiting professor.

The Admissions Committee will evaluate and reach decisions regarding each applicant's candidacy. Applicants will be informed of their status once it is decided.

FEES & TUITION

- The application fee is **300 NIS** (non-refundable)
- The down payment is **NIS 9,900**. Applicants must pay the fee to secure their place in the program after being accepted. Once the down payment has been received, the applicant's place is secured and confirmed.
- The tuition fee for the entire program is **NIS 104,900**.

Reichman University reserves the right to change all tuition and fee rates without prior notice.

FINANCIAL AID

MERIT SCHOLARSHIP

RRIS awards excellent students with merit scholarships based on their previous performance. Students do not apply for this scholarship. The Admissions Office will notify you if relevant.

FREE APPLICATION FOR FEDERAL STUDENT LOANS (FAFSA)

American students are eligible for Stafford Loans as part of the Direct Loans Program. Students can register online at: <https://studentaid.gov> from October 1, 2023 until April 1, 2024. Our school code is G40703.

Please email rina@afidc.org once you receive your Student Aid Report (SAR).

For further information: www.runi.ac.il/fafsa

GRANT FOR NEW IMMIGRANTS

The Government of Israel offers financial assistance for graduate school tuition to new immigrants under the age of 30, provided the immigrant does not already have a graduate degree from abroad and the program is recognized by the Student Authority. Students must begin their graduate studies within three years of their aliyah date (not including army service), in order to be eligible for this assistance.

https://www.gov.il/en/Departments/Units/students_authority_maya

MASA

Jewish students between the ages of 18-30 who have not previously been on a long-term program to Israel and have not made aliyah are eligible for a onetime grant from Masa towards tuition.

www.masaisrael.org

SAP (Students Assistance Programs)

Canadian students interested in loans and grants from the Canadian government can get information at

<https://www.canada.ca/en/services/benefits/education/student-aid/grants-loans/province-apply.html>

Financial aid is also available through the Free Loan for the Greater Toronto area (<https://jewishtoronto.com/directory/jewish-free-loan-toronto>)

FOR MORE INFORMATION

<https://www.runi.ac.il/en/schools/rris/graduate/pages/financial-aid.aspx>

✔ Networking is the name of the game!
To date, there are more than 35,000 Reichman University graduates from more than 90 countries. This gives students a unique opportunity to meet people from different backgrounds and learn about other nations and cultures, and to establish friendships that last a lifetime. It also creates a worldwide networking system that gives our students an advantage throughout their lives.

✔ Our small classes create an intimate atmosphere, which allows students to get to know each other and the staff. Our philosophy is that our students are our partners.

✔ Reichman University is one of the most prestigious universities in Israel. Employers seek Reichman University graduates because they come with practical tools and hit the ground running. Reichman University operates a Career Development Center that aims to prepare students and alumni for the job market, and to provide them with the tools to find suitable employment both before and after they graduate.

✔ Reichman University offers a large array of extracurricular activities: sports, debate club, Model UN, Israel advocacy, JLIC-RRIS Friday night dinners, shiurim, mincha club, choir, band, and much more.

WHY REICHMAN UNIVERSITY?

✔ The Raphael Recanati International School provides very special care for its students. We are the largest academic absorption center in the country. We are especially proud that we are home to more than 300 lone soldiers, who are currently studying here.

✔ One-third of Reichman University students are international, making us the most international university in Israel for full-degree students. Israeli students serve as counselors for first-year students in order to help them find their way around and get to know the system.

✔ Reichman University was ranked number one in student satisfaction for quality teaching for four consecutive years, in a nationwide survey conducted by Israel's Council for Higher Education. We are the first non-government-subsidized academic institution to grant doctoral degrees.

VISA & STATUS ASSISTANCE

Students are responsible for clarifying and establishing their status in Israel, and can turn to the Raphael Recanati International School staff for advice and assistance. Before commencing studies, all students must clarify their status and eligibility for a student visa (A-2), or Israeli citizenship, with the Israeli embassy or consulate in their country of origin. **A student visa should be obtained in advance, in the student's country of origin.** International students who are children of an Israeli parent must settle all matters, such as deferment of military service, with the nearest Israeli embassy or consulate.

The Jewish Agency provides advice and assistance to students considering immigrating to Israel.

See: www.jewishagency.org/JewishAgency/English/Aliyah/ and for North America/UK: www.nbn.org.il

CAREER CENTER

The Career Center strives to prepare students to enter the workplace and to help them find employment opportunities, by providing counseling, placement, and informational services. It is tailored to meet the specific needs of the students and graduates of each of Reichman University's schools, according to the relevant market. These services include personal career counseling and assistance, as well as lectures and workshops on job-seeking strategies, LinkedIn, and interviews. In addition, the Career Center creates recruitment and networking opportunities such as job fairs, Coffee Chats, and employers meetings. The center also maintains an updated listing of hundreds of job openings in Israel for students and graduates.

www.runi.ac.il/career/eng

HEALTH INSURANCE

All Reichman University students are required to have comprehensive health insurance coverage throughout the entire period of their studies. Israeli residents, including new immigrants, receive national health insurance for a low monthly fee, in accordance with the country's health insurance legislation. International students who are not covered by Israel's national health insurance (*bituach leumi*) should purchase their own health insurance policy to cover their medical needs while in Israel, or purchase the **UMS HAREL YEDIDIM** insurance policy for international students, offered by Reichman University.

Our special arrangement with HAREL YEDIDIM insurance company provides comprehensive health coverage for \$1,600 USD* per academic year, which will be charged at the beginning of each year.

In order to have continuous coverage, the policy is automatically renewed from one academic year to the next, until the end of the program, unless the student notifies the school in writing that he/she wishes to cancel.

For more information: rris.insurance@runi.ac.il

**Rates are subject to change according to insurance company rate fluctuations.*
