Live in Israel, Study in English

The Study Abroad program allows students from all over the world to study for one semester or one year at Reichman University. We offer top-tier academic courses taught entirely in English.

We have 2,000 international students who come from 90 different countries and speak 35 different languages - Reichman University is the most international academic center in Israel.

We offer 9 different undergraduate degrees and 9 different graduate degrees.

We are the first private university in Israel.
Q. What kind of classes can students take?
A. As a Study Abroad student, you will be able to choose courses from the following Reichman University schools: Psychology, Government, Communications, Business, and Sustainability. Once you receive your acceptance letter, you will work with an academic advisor to build a tailor-made course schedule based on your interests and academic requirements.

Q. Are there social opportunities and/or trips for the students?
A. RRIS organizes a wide variety of social and cultural activities for all the students on campus, including Study Abroad students. Throughout the academic year the school hosts cultural events, performances, film screenings, educational tours, meetings, social gatherings, and more. Study Abroad students are invited to participate in events organized by the Reichman University Student Union and the OU-JLIC (Orthodox Union Jewish Learning Initiative on Campus). There is an Orientation Week before classes begin, which offers students an opportunity to meet other RRIS students and get acculturated to Reichman University and Israel.
