The academic year begins with Orientation Week on Sunday, October 23, 2022.

One of the innovative and important services that Reichman University (RU) provides to its students is a week-long orientation for first-year students. Orientation Week is designed to make first year students’ entry into the academic environment as smooth as possible.

Orientation Week is vital preparation for succeeding at RU. Participation is mandatory.

Each incoming student is assigned a chonech, a peer counselor (2nd or 3rd year Israeli student) who is tasked with helping new students acculturate to RU and to Israel. Your peer counselor will accompany you from your arrival to campus throughout your first year at RU. Your counselor will contact you shortly before your arrival to campus (either for the preparatory courses or Orientation Week).

Orientation Week includes five full days of orientation to RU, your peers and your new home in Israel. In order to be prepared to begin studies and have the tools to access our online and social communities, your presence is mandatory.

Orientation Trip Movie >>

The week will include:

**Academic Orientation**: meet the dean of your school, consult with your academic advisor regarding class assignment and selection, and participate in introductory lectures and conversations.

**Technical Orientation**: receive your student ID card, learn how to access your email, use the online student portal (essential for class registration, email, grade access, and other key functions).

**Social Orientation**: sign up for RU extracurricular activities (clubs, sports, societies, etc.), engage with the local community via volunteering opportunities, meet and bond with your peers as we engage in structured discussions and travel to the desert for an excursion including hikes, team building, and lots of fun.

In the 2022-2023 academic year RU students will have the option of enjoying the high standard of living offered in the 750 fully equipped residential units located in three 13-story towers on RU’s campus.

The dormitory towers were planned and designed to meet green building standards where students have many opportunities for interaction which contributes to their academic success and personal growth. The facilities include fully equipped study halls to enable students to focus on their studies and to maintain a diverse social life. Each building also has laundry rooms with washing machines and dryers at the residents’ disposal, in addition to a Shabbat elevator and a synagogue in the Recanati Dorms.

The apartments are available to international and Israeli students pursuing undergraduate and master’s degrees at RU. The dorms include apartments for single students, married couples (both RU students), and accessible units for students with disabilities. In addition, there is 24/7 security on the premises. The housing fee includes: Wi-Fi, TV services (cable), building fees, maintenance, gardening, cleaning of stairwells and common areas, and security. It does not include electricity and water fees.
All apartments, except for the units for married couples, are designated for one student per unit. The apartments are furnished to accommodate all residents’ needs. Every apartment has an air conditioning unit, a private bathroom with shower, a bed (120cm/190cm for which linen is not included), and a kitchen area. The kitchen is fully equipped with a refrigerator, electric cooking top, microwave, and an electric kettle. In addition, the apartment includes a desk, closet, TV, a dining table and chairs.

The rental fee for the single unit is $880 USD per month.

HEALTH INSURANCE

All Reichman University students are required to have comprehensive health insurance coverage throughout the duration of their studies. Reichman University cannot cover medical costs or take responsibility for students who do not have insurance.

You may purchase your own health insurance policy to cover your medical needs while in Israel, or purchase the UMS HAREL YEDIDIM insurance policy for international students, offered by Reichman University (RU). If you are an Israeli resident covered by Israel’s National Health Insurance (Bituach Leumi), you do not need any additional health insurance.

The insurance plan with HAREL YEDIDIM provides comprehensive health coverage for *$1,600 USD per academic year, which will be charged at the beginning of the year. Please see the next page for policy details.

The insurance policy will start on October 16, 2022.

Insurance start date for preparatory course students will be earlier, for an additional charge, as follows:

- for students taking preparatory courses for beginning on August 14 or 16, the insurance policy will start on August 7, 2022 ($300 USD extra)
- for students taking other preparatory courses beginning on August 24, the insurance policy will start on August 17, 2022 ($250 USD extra)

The end date of the insurance policy for all students will be August 31, 2023.

In order for students to have continuous coverage, the HAREL YEDIDIM policy will be automatically renewed from one academic year to the next, until the end of the program, unless the student notifies the school in writing that he/she has an alternative health insurance and wishes to cancel.

Please note that the HAREL YEDIDIM health insurance plan does not cover pre-existing conditions.
HEALTH INSURANCE

IN ORDER TO REGISTER FOR HEALTH INSURANCE THROUGH RU YOU MUST log in to your Candidate Information Station and check YES for insurance on the Status & Insurance section.

If that is not possible, you should bring a doctor’s prescription (clearly typed in English) for the medicine that you are using, or a prescription of a generic medication that is suitable for your condition. It will have to be translated by an Israeli doctor in order to purchase it in a pharmacy in Israel. If your medication is sent to you through the mail you will be required to present a copy of the prescription to the Israel Customs Office before it can be released.

THE LEA AND NAFTALI BEN-YEHUDA ACCESSIBILITY & STUDY SKILLS CENTER

The Lea and Naftali Ben-Yehuda Accessibility & Study Skill Center assists students recognized by the dean of students as students with learning issues and attention deficit disorders, students with physical, emotional, sensory, or cognitive disabilities, and students that are dealing with a temporary or permanent medical issue that has functional repercussions to studying.

**Academic learning strategies:**
Learning How To Learn - Free modular training units developed specifically for students at Reichman University. The training units are based on brain research and learning and provide practical tools for academic success. Offering students best practices for both online and on campus studying.

**Academic accessibility counseling and assistance:**
Accommodations for students with sensory, physical, or other disabilities caused by a chronical disease with direct implication on academic study abilities. To receive exam accommodations, the student must hand in the request form and relevant medical documents, via the online form in the student portal, by following the link labeled ‘Accessibility’.

**SPECIAL ACCOMMODATIONS DURING EXAMS**
Reasonable accommodations are provided by Reichman University to students who have been diagnosed with learning disabilities or attention deficit disorder. The accommodations are awarded to minimize as much as possible the negative effects that these difficulties can have on students’ performance, while simultaneously maintaining the exam’s reliability and validity. Therefore, the exam accommodations that the University provides are designed such that they do not alter the essential character of the exams, i.e., the scope of the material tested, or the essence of the exams’ demands upon students (for example, comprehension, applying knowledge, etc.).
THE LEA AND NAFTALI BEN-YEHUDA ACCESSIBILITY & STUDY SKILLS CENTER

All students dealing with a learning disability and/or ADHD must submit relevant documentation. For further details please check the section “Submitting Diagnoses of Learning Disabilities” on the website.

Which documents are acceptable:

International students dealing with a learning disability and/or ADHD must submit acceptable documentation according to the guidelines listed on our website Submitting Diagnoses of Learning Disabilities. After the documentation has been submitted, a meeting with a psychologist from the Counseling Center will be scheduled where the eligibility for specific accommodations will be discussed. Documents must be submitted no later than five weeks before the end of the semester.

Students who finished high school in Israel and completed the Bagrut in Hebrew, who wish to receive accommodations, are obligated to submit a particular kind of diagnostic report called MATAL. Please make sure you get all the information about the MATAL evaluation process, how it works, who it applies to, and who might be exempt, by referring to the Hebrew website.

Please note that MATAL testing must be submitted no later than October 30th, 2022.

For more information on the Accessibility & Study Skill Center please see our website.
The Center for Psychological Counseling Services provides interested students with the opportunity to receive help and support dealing with various problems and challenges that students may encounter during the period of their studies.

Students who apply to the center may receive short-term counseling or up to two semesters of ongoing therapy through personal meetings with psychologists who have extensive experience treating students from a wide variety of cultures and backgrounds.

What are the most common problems for which students apply for counseling?

Students apply for personal counseling for a wide variety of reasons, which may include the following: culture shock or experiencing difficulty coping with the many challenges inherent in being in a new and unfamiliar environment; difficulties with school or job; struggling with personal or professional identity; social, interpersonal, or romantic difficulties; dealing with grief or loss; problems occurring in the family which have a stressful impact, such as illness, divorce, or financial crisis; feeling overly anxious or depressed; coping with attention deficit disorder and/or learning disabilities. These problems may be new to the student or may be issues from the past that are resurfacing or intensifying when students are far from home and/or feeling alone and isolated.

Sometimes due to a student’s particular circumstances, he or she might be better served by seeing a professional in the community. In these cases, the student will receive help with an appropriate referral.

Students interested in meeting with a psychologist are kindly requested to make an appointment through the administrative coordinator, Vered Shany, who can be reached Sunday to Thursday from 9:00-15:00 at: tel.: +972-9-960-2872 email: vered.shany@idc.ac.il

Please note that the Psychological Counseling Services are not equipped to provide long-term care for students who need continuous psychological or psychiatric support. Therefore, students dealing with ongoing mental health issues are strongly advised to set up a professional support system before coming to Israel. We are happy to provide more information about the various options if needed.

For more information, please see our website.

ACADEMIC CALENDAR

FALL SEMESTER CONCLUSION, EXAM SCHEDULE AND POTENTIAL FOR TIME OFF

Exams begin immediately following the conclusion of fall semester. In accordance with traditional Israeli higher education models, RU offers students the opportunity to take a first sitting of exams ("moed aleph") generally during the first four weeks between semesters. Students will receive their moed aleph exam schedule at the beginning of the semester. If a student fails the moed aleph exam, is not happy with the grade or had to miss the exam due to unforeseen circumstances, he/she is entitled to sit for a second exam ("moed bet"). These second exams are scheduled immediately following the moed aleph exams. Therefore, each student has a highly individual schedule, very often with no vacation whatsoever between fall and spring semester dependent on 1) moed aleph schedule, assigned during the first week of the semester and 2) the student’s desire to be present for moed bet/retakes.

If you are certain that you will not need a retake, you can book your return ticket date upon receipt of your moed aleph exam schedule (following your final exam time). If you are booking a ticket to Israel and are concerned about choosing a return ticket date, we strongly urge you to purchase a “flexible fare” ticket that allows you to change your return date with no penalty fee. This will allow you to alter your date according to our exam schedule and need (or lack thereof) to sit for moed bet exams. While this class ticket is more expensive than a ticket with inflexible dates, it is significantly less expensive than altering the return date on an inflexible fare ticket if the need arises.

SPRING SEMESTER CONCLUSION, EXAM SCHEDULE AND EXTENDED BREAK

Exams begin immediately following the conclusion of spring semester. Students will receive their moed aleph exam schedule at the beginning of semester. As described above, following moed aleph exams students are entitled to sit for moed bet exams. Spring semester moed bet exams are generally scheduled through August. When students have concluded their exams (based on their highly personal schedule and desire to take moed bet exams), they are on semester break until mid-October when the next school year begins.
