Foundations

The Caesarea Edmond Benjamin de Rothschild Foundation

The Foundation operates towards realizing the House of Rothschild's vision to develop Caesarea as a unique settlement, as a regional industrial center and as a national tourism center based in the Old City of Caesarea and on the splendid coast of Caesarea. Part of the profits of the Foundation are donated yearly towards the promotion of higher education in Israel, support of cultural institutions and general assistance to the neighboring areas of Caesarea.

Keren Kayemeth LeIsrael Jewish National Fund

Keren Kayemeth LeIsrael- Jewish National Fund, was established by Theodore Herzl over 100 years ago, at the 5th Zionist Congress. The purpose was to create a National Fund that would fulfill the Zionist vision of bringing back the Jewish People to their Homeland by purchasing and developing land in Eretz Yisrael. Today, at the beginning of the 21st century, this goal still serves as the ideological and practical platform on which the principles of KKL-JNF are based. **The achievements of KKL- JNF, as the caretaker of the land of Israel on behalf of all the Jewish People and as the first environmental movement in Israel, are evident throughout the country.** These include more than 650,000 acres purchased, 1,000 towns and villages established, 220 million trees planted, 170 water reservoirs built, tens of polluted rivers rehabilitated, more than 600 parks and recreation areas developed, thousands of acres in the Negev saved from desertification, as well as many educational activities including love of the Land, Eco-Zionism and Zionist Heritage.

Our actions demonstrate the enormous impact of KKL-JNF on the development of the modern State of Israel, as partners with the People of Israel and the Jewish People. KKL-JNF will continue to fulfill its mission to develop, settle, build, protect and create- as the caretaker and guardian of the Land of Israel for the Jewish People everywhere.
