

# One-Year **MBA** in

# HEALTHCARE INNOVATION

Boost your career to the next level

Reichman University's Arison School of Business and Israel's largest hospital, The Chaim Sheba Medical Center, Tel HaShomer - ranked among the top 10 hospitals in the world - are pleased to introduce our MBA in Healthcare Innovation.

Our program prepares future healthcare leaders to develop solutions for redesigning the industry on the technological, scientific, pharmaceutical, digital, and policy levels. We bring together all the unique advantages of Israeli innovation, to provide our students with the tools and skills necessary to understand the complexity of the healthcare industry. Our curriculum offers practical experience, and emphasizes innovative thinking and entrepreneurship.

We invite you to join our group of talented professionals who will be tomorrow's leaders in the healthcare ecosystem.

**Dr. Chidanand Kumar, MD, MBA**  
India

Health-Tech, Bio-Convergence,  
Healthcare Investments

“ The Healthcare Innovation MBA is a very unique and dynamic program that brings together a carefully selected multidisciplinary group of people, all with the same drive for innovation in healthcare. This one-year program has completely changed the way I approach problems in the healthcare industry. The excellent selection of guest lecturers, networking opportunities, and most of all, the hands-on practicum, makes this an excellent program for anyone who wants to be an innovator or entrepreneur in the healthcare industry.”

**Nicole Schwartzman Gdud, MBA**  
Argentina

Project Manager, Healthcare Team  
Leader, Meidata

“ The MBA in Healthcare Innovation provided me with the most amazing and multidisciplinary group of people; each of them bringing unique skills, areas of expertise, levels of experience, and great passion for improving healthcare. Through its lectures and hands-on experiences, this one-year program gave me the tools and confidence to understand and approach any healthcare-related challenge. This experience definitely helped me grow further in my professional career.”

**Dr. Jessica Mankowitz, MD, MBA,**  
MBBCh, DipPEC (SA)  
South Africa

Emergency Medicine Resident

“ This MBA not only introduced me to a network of vastly talented people across all walks of life, but it also gave me a substantial grounding to the world of innovative medicine, business, and the startup industry.”

**Sousa Dias Nuno, MD**  
Portugal

Renowned Dental Specialist

“ Innovation is the hottest subject in the healthcare world and the integration with business administration helps us as managers to cope with the modern challenges of health care.”
